DELINQUENT TAXPAYERS CAN'T VOTE

Council Passes Bylaw to This Effect—Will Also Tax All Males 21 Years Old Who Are Not on Assessment Roll, \$4.00 for School Purposes.

The regular meeting of the town council was held last Monday evening. Mayor Bott was in the chair and the following councillors were present: Messrs. Lavie, Perrin and Broughton.

The water committee reported and the report showed that \$200,000 of water was being pumped during the month; 350 houses were supplied besides the several industries, hotel, restaurants and live stables.

The secretary asked the council for instructions regarding the collecting of sanitary bills. He was informed that all sanitary accounts were payable three months in advance and if not paid within 48 hours after receiving bills delinquents are to be prosecuted in accordance with the by-law.

The school board wrote council asking that \$4.00 be placed to the credit of the board by the end of the present month.

The provincial government wrote drawing attention of council to the powers of Fair Price Committee and asking their co-operation.

A by-law, authorizing the council to prepare a defaulters voters list was given its several readings, passed and signed.

This bylaw provides for the compiling of a voters list showing all ratepayers who have not paid their taxes up in full. It also prohibits from voting at municipal elections all persons who are on defaulters list for not having paid their taxes. Provision is made in the bylaw for all those who pay their taxes before voting day. These may vote by presenting the town's receipt to the returning officer.

The town auditors presented an interim financial statement in the form of a statement as required by law. The report was adopted.

As there will be no ratepayers meeting this year on account of the epidemic, the secretary was instructed to have this financial statement printed in the Review instead of putting same in but in pamphlet for as previously decided.

A telegram was read from the minister of education, authorizing the council to proceed to impose a tax of \$4.00 on all male persons 21 years of age not already paying taxes, said tax to be applied for school purposes.

All males who have been in town for one month are liable for this tax.

Councillor Lavie introduced the subject of establishing a permanent hospital in town. He pointed out the need of such an institution by referring to the good work which has been done by the emergency hospital. While he knew it would be impossible to undertake the building of a hospital at present, owing to financial conditions, yet he thought since the town had so much property on its hands, a suitable site should be set aside for this purpose. Council's Perrin thought the idea a good one but no definite action was taken. Council then adjourned.

May Lead to Serious Trouble in Holland

Answering the argument of the Dutch government in justifying the attitude toward Wilson, the former German emperor, as contained in a note issued by the Dutch legation, the Petit Journal observes that the former emperor was, at the very beginning, and continues to be, treated not as a private individual but as a sovereign enjoying favorable conditions. It adds that telegrams to the effect from Amsterdam are considered as official telegrams. "Despite the protest of the Dutch government," the Petit Journal concludes, "and in view of the interests the allies must insist that these facts should be placed before the former emperor is placed where it will be impossible for him to leave."

REDCLIFF REVIEW

OUR SLOGAN: An Industrial Metropolis of Industrious People Who Pull Together.

REDCLIFF, ALBERTA, THURSDAY, NOV. 28, 1918.

Number 48.

Another Victim From Influenza

The second death from influenza occurred here last Tuesday evening when Wm. Kendrick passed away at the hospital. Deceased had only been in the hospital a few days but as he had neglected to take the necessary precautions in the early stages of his illness pneumonia had developed and his condition was critical. Everything possible was done to relieve his suffering but of no avail.

Deceased was an Austrian by birth but had been in Canada a number of years and became naturalized in 1910. He had resided in Redcliff for the past year and was employed in the coal mine. He was 45 years of age and leaves a wife and one child.

The funeral takes place in Medicine Hat today.

Appreciate Work of Victory Loan Executive

The Victory Loan Executive here received the following letter from G. R. Marnech, chairman of the local organization for Southern Alberta:

"I have received your letter, and I feel that I must say to you in a word how greatly I appreciated your strenuous efforts in making the Victory Loan 1918 the success that it was in your district, and to say that it was a pleasure to work with you and to that you gave cordial co-operation in all the ways that you could to the Southern Alberta Executive and particularly to myself personally, in taking care of the work in your district."

"I feel, too, that I would like to say to you, my thanks to you, my secretary, your committee and your canvassers, all of whom had their part in the splendid success that was achieved."

ADDITIONAL LOCALS

Books for everybody at Blundell's.

The financial statement for the Redcliff School District No. 2283, will appear in next week's issue of the Review.

A complete assortment of lumber, lumber, plaster, roofing, and paper always on hand at The Atlas Lumber Company's Redcliff yard.

Mrs. J. R. Reid, of Maple Creek, in spending the week here with her daughter, Mrs. E. L. Stone, who is convalescing after an attack of influenza.

FOR SALE—Vegetables: home grown potatoes, carrots, rutabagas and cabbage; send me a postal stating what you want, giving your address. David Hollinger.

Don't fail to come to Gibson & Tupper's to do your Xmas shopping.

Last Saturday's Medicine Hat News had a very flattering write-up about the way the influenza epidemic is being handled here. It says that the fact that we have had over two hundred cases and only one death is a record and speaks highly of the efficient manner in which the epidemic was handled by the officials.

See Blundell's window. Any article displayed there may be bought for one dollar.

Some time ago it was reported that Pte. Kirk Bradley, who enlisted from Redcliff with the 10th Battalion, early in the war, had been killed in action. Later other boys returning from the front said this was not true. As no word was heard from Bradley his friends here feared the worst had happened. This week, however, Bobt. Black received a letter from Bradley himself written on Oct. 25th, in which he states he is still in the flesh and enjoying good health. He was badly wounded in May, 1918, and it was at that time he was supposed to have died. As Bradley was among the first to leave Canada, he expects to be home at first to return and he is anxiously looking forward to meeting his friends in Redcliff again.

Sir Clifford Bifton has placed his resignation as chairman of the commission of conservation in the hands of the federal government. Sir Clifford has been chairman of the commission since its organization and has been personally responsible for the conservation policies of that important body since its inception.

NEW COMPANY IS READY FOR BUSINESS HERE IN REDCLIFF

Is Known as The Dauntless Manufacturing Company—Will Manufacture a Line of Farm Implements—Work on Erection of Furnaces to Start at Once.

An important meeting of the directors of a company known as 'The Dauntless' Manufacturing Company, Limited, was held in this town yesterday.

We are informed the Dauntless Manufacturing Company, Limited, has been under process of organization for the past six or eight months and at the present time comprises upwards of 700 stockholders who are practically all farmers, and located in the provinces of Saskatchewan and Alberta.

The organization of this company was undertaken in the first instance by Dr. W. W. Brown, of Medicine Hat, Mr. J. L. Prout, an expert mechanic, Wm. McAllister, of Excel, Alta., Thomas Lee of Oyen, Alberta.

These gentlemen were of the opinion that the time was ripe for the farmers of western Canada to associate themselves together for the purpose of making a start in the manufacture of certain lines of implements extensively used by the farmers of today, and after arranging things in such a way that there would be no question but that the project would be carried through successfully, they proceeded to interest a number of the leading farmers in Alberta and Saskatchewan before the company was incorporated.

The company was then incorporated by about 30 prominent farmers, and last spring permission was obtained from the Utilities Commission of the province of Alberta to dispose of the stock of the company.

The manufacture of crop in this country, it was a very difficult matter to interest the required capital, not because the farmers did not believe the proposition was good and something that should not be undertaken, but on account of shortage of funds to carry on their own business. With all the combined efforts of the incorporators

and the directors, sufficient progress has been made to start the business, and we are informed arrangements were completed at yesterday's meeting to start work immediately on the erection of furnaces for the making of steel for plow shafts.

The company is not making a mistake in thinking a great many different kinds of implements can be manufactured to begin with but intend starting in to supply as much of the slow share market as possible, and after that part of the business is fully developed other lines will be taken on.

The reason for locating in Redcliff, of course is obvious, any person who understands the handling of steel from that with our immense natural gas deposits here it means the saving of several dollars in every ton of material handled.

There is no reason in the world why this company should not grow to be one of the best undertakings in western Canada. If sufficient farmers are willing to invest their money at this stage there is no question but that all the farmers in the west will eventually be interested in this company, and with the organization such as will be required, the benefits accruing to the province and to this district will be enormous.

We understand the following are the present directors of the company: Dr. W. W. Brown, Medicine Hat, president; Thomas Erwin, Wainwright, vice-president;

J. L. Prout, Medicine Hat, managing director; Wm. McAllister, Excel, Alta., consulting engineer.

Thomas Lee, Oyen, Alta.
J. W. St. John, Oyen, Alta.
Thomas Hagel, Blasko, Alta.
C. A. Pool, Burdett, Alta.
T. Ross, Medicine Hat, secretary.

The new company has opened an office in the Clay Products Company's house on Broadway and already a busy staff is engaged attending to preliminary matters.

Aliens Will Again Register in Redcliff

For the convenience of all those persons residing in the Town of Redcliff who are required to register with the police, under Order-in-Council No. 1000, dated 24th of August, 1918, arrangements have been made to have Edward J. Crowe, police constable, keep record of such registration. Registration forms should be carried on application to above police constable.

Aliens living in Redcliff will henceforth register here instead of in Medicine Hat.

Montreal Herald In Hands of Receiver

The Montreal Herald yesterday published the following:

"During the past four and a half years has newspaper of the world have been compelled to carry heavy burdens. The cost of every item of the administration has risen by leaps and bounds and the total cost has been, for a long time, out of all proportion to the revenue. Hundreds of newspapers have suspended publication, hundreds of others have been merged with other journals."

"The Herald finds the increasing cost and the accumulation of debt beyond endurance and has submitted to a receivership."

Board of Health Removes Restrictions

The epidemic conditions appear to have greatly improved during the past week. So much so that at the meeting of the Board of Health held on Tuesday evening it was decided to remove some of the restrictions. The ban on pool rooms, churches and picture shows, however, are to remain closed for the time being.

CHURCH NOTICES

THE PRESBYTERIAN CHURCH.

Although the ban has been lifted, the general opinion is that it would be unwise to gather many people into one building until this epidemic shows some signs of recession; hence there will be no service of public worship on Sabbath next. It is advisable to observe still the utmost caution, both by those who have been sick and those who have not escaped. The people are asked in their homes at 11 on Sabbath forenoon to make special prayer to God for the reduction of this sickness and for a revival of enthusiasm toward our gracious Savior and heavenly King.

Rev. Mr. Gordon will receive and forward contributions for the relief of the Belgians, whose dire distress was not fully known until now. Also collect as an efficiently given. A good offering should go to those people who have suffered so cruelly and heroically in the cause of human freedom.

CHURCH OF ENGLAND.

Owing to the fact that there is no Presbyterian still in town, St. Andrew's church will not hold any services next Sunday. If conditions improve during the coming week there will be a service on Sunday week. Watch for announcement in next issue.

BIRTHS.

FRIENTLES—In Redcliff, on Sunday, November 17th, 1918, to Mr. and Mrs. F. Frientles, a daughter.

WARREN—In Redcliff, on Monday, November 18th, 1918, to Mr. and Mrs. Warren, a son.

SEWELL—In Redcliff, on Friday, November 22nd, 1918, to Mr. and Mrs. R. N. Sewell, a daughter.

Allied Squadron In the Bosphorus

There were fifty French and Italian battleships, cruisers and destroyers in the Allied squadron which anchored Tuesday in the Bosphorus. Newspapers and population acclaimed the allied squadron as deliverers. Headquarters of the British and French contingents have been established in Constantinople. British naval force is on the outskirts of the city.

Church Union Is Again At The Front

Canadian Presbyterians are continuing in union with the Methodists, and the question authorized at the general assembly in Winnipeg is a live topic in Presbyterian circles today. There will be one of the outstanding questions at the next general assembly to be held in the city of Hamilton.

It was agreed between the two denominations to drop all agitation respecting church union while the war was on, but now that military hostilities are now over the true basis upon which these two bodies is understood to be at an end.

NOTICE

Owing to the influenza epidemic there will be no annual ratenapayers meeting in connection with the Redcliff School District No. 2283, at present.

Nomination day, however, will be held as usual on Monday, December 2, between the hours of 11 o'clock a.m. and 12 o'clock noon, to receive nominations for trustees to fill the vacancies of Messrs. W. H. Riddell and D. McLachlan, whose terms will expire December 31st, 1918, and L. Barber, who is resigning. If a poll should be necessary the same will be held in Crowe's hall on Monday, December 2nd, between the hours of 9 a.m. and 7 p.m.

W. H. RIDDELL, secretary.

INSIST ON GETTING

OR PHONE 42

NOMINATIONS FOR COUNCIL AND TRUSTEES

To Be Held Next Monday—
Three Vacancies on Both Council and School Board To Be Filled—Monday, Dec. 2nd, Will Be Voting Day.

As there was no annual ratenapayers meeting this year on account of the influenza epidemic, there appears to be very little interest manifested in the approaching municipal election.

The terms of three of the councillors expire this year. These are Councillors McLean, Oates, and Broughton. We understand that Messrs. Oates and McLean will not seek re-election but it is hoped Councilor Broughton will stand for another term, as he has made an exceptionally good councillor for the past two years.

On the school board Messrs. McLean and Riddell are the retiring trustees and as Chairman Barber has signified his intention of resigning from the board it will mean that three new trustees will have to be elected. Two of these will be for two-year terms and a third to fill out Mr. Barber's unexpired term of one year.

Messrs. Riddell and McLachlan have had considerable experience on the school board and as they will no doubt be some important matters to come before the board in the next few years it is hoped they will allow their names to again go before the electors. It is to be regretted that Mr. Barber should find it necessary to resign at this time, as his past experience would be a great assistance to the board in carrying out prospective plans.

Nominations for these vacancies will be held next Monday, Dec. 2nd, between the hours of 11 o'clock a.m. and 12 o'clock noon. Should an election be necessary the same will be held on Monday, Dec. 9th, and voting take place between 9 o'clock a.m. and 7 o'clock p.m. Both nominations and elections will be held in Crowe's hall with Wm. Henderson as returning officer.

In the casualty list appearing in the dailies last Tuesday there appeared the name of J. Poles of Redcliff, as having been killed. We are unable to find out any particulars about this young man but it appears that while he was working at the Rolling Mills here.

A Whist Drive and Dance

will be held
in REID'S HALL

Friday, December 6

(Health Conditions Permitting)

Under the auspices of

"Returned Soldiers

Welcome League"

Program to Commence at 8 p.m.

THURSDAY, NOV. 28, 1918.

GET READY TO VOTE.

In view of the fact that there is a possibility of a municipal election here for both the town council and the school board we would remind our readers that according to a new law now in existence, wives, sons and daughters of all tax payers are eligible to vote in these elections. That is, however, provided that all are twenty-one years of age.

Since the last meeting of the council when a by-law was passed authorizing the compiling of a defaulters' list there is also another proviso and that is that all taxes are paid on the property for which the head of the house is assessed.

This defaulters' list will be completed before nomination day but as for the taxes paid before voting day may vary by presenting the town's receipt to the returning officer.

If you want to make sure of having a vote get your taxes paid before Monday week.

SHIP THEM BACK.

Ever since the commencement of the war Canada has had a number of alien enemies interned at different points throughout Canada. In most cases these men who showed by their words and actions that they were enemies of this country and were working in the interests of our enemies. Now that hostilities have ceased and it will only be a matter of months till our own soldiers will be coming back to Canada, these numbers, it is about time plans were being made for disposing of these aliens.

There is only one way of disposing of them. That is by loading them aboard ship and sending them back to the place from whence they came. They are undesirable and should be told there is no room for them here. When they are leaving they should be told that if they return they will be more severely dealt with.

If this is not done these men will be turned loose on the labor market in competition with our own red blooded sons who helped win for the world the greatest victory in history.

By this we do not mean that all those of foreign birth now in this country should be deported. There are some in this country even of German birth who are good citizens. They are here because they wanted to get away from autocracy and military rule and they are as much pleased as any one at the outcome of the war. To them we extend the right hand of fellowship but the others must go.

HOSPITAL FEES.

Since the Emergency Hospital was established here, somewhere in the neighborhood of two hundred patients have been treated and in all but two cases these have been nursed back to health and strength again.

This hospital was established at considerable expense for the convenience of those who could not get the proper professional treatment in their own homes owing to the great scarcity of trained nurses. The town is still at considerable expense to keep the hospital in operation. In order to meet this expense a

fee has been charged and when patients sufficiently recovered to be returned to their homes they were presented with their bills. Unfortunately to date only a very small percentage of these bills have been paid. This makes the work of continuing the hospital along the previously satisfactory lines doubly difficult for those in charge.

We mention these facts simply to impress upon those who have already received the benefits of this hospital the great necessity for them to meet their obligations as soon as possible.

WILL BE ADJUSTED.

On several occasions during the past few weeks our attention has been drawn to what, on the surface looks like unfair treatment to those who have volunteered their services to help out in the emergency hospital. It appears that all the volunteers who have contracted the influenza themselves and have been treated in the hospital are being presented with bills for hospital fees, medical attendance and medicine on leaving the hospital. To expect payment from those who have sacrificed their homes and risked their lives in order to help out in an emergency would be the height of ingratitude and would spoil the chances for any similar response in future.

Knowing that those in charge of affairs must have realized this fact, we advised those registering complaints to wait till the epidemic was over and we had no doubt these matters would be worked out satisfactorily.

Although the Board of Health was not finally disposed of this matter we are informed from a reliable source that the presenting of these bills as above mentioned is simply to carry out the system adopted at the hospital so that a proper record may be kept of all who received treatment. We feel sure that when the epidemic has run its course and when settling-up time comes these matters will be satisfactorily adjusted.

English Language For Peace Conference

The question of conducting the proceedings of the peace congress in English is being discussed, with some reservation this innovation will be brought out. If it is, it will be the first great international congress with English as the official language, as French has long been recognized as the medium of diplomacy.

The United States Purchases Many Ships

The offer of the United States government to purchase the 700,000 gross tons of ships of the International Mercantile Marine Company that fly its British flag is understood to have been accepted by the company.

Directors of the company met in New York yesterday to consider the offer, and although no direct announcement of its acceptance was made, an official of the company said that such an inference could be drawn from the following statement which was made after the meeting: "We have been advised that the government is prepared to take over the ownership of the vessels on terms of British offer and details are to be worked out."

The British offer referred to is that made by a British syndicate to purchase the ships, negotiations with which were halted when the United States government offer was tendered.

REID'S HALL RENOVATED.

During the past week Reid's hall has undergone a complete renovation. The walls have been cleaned, woodwork painted, and furniture varnished, and floor nicely waxed. It is now in first class condition for holding dances, entertainments, etc. For engagements see J. C. REID.

Allied warships, the Borgheuse having been cleared of mines, have entered the Black Sea and several ports from Novorossk.

Auditor's Financial Statement and Returns

OF THE

TOWN OF REDCLIFF, ALBERTA

For the Ten Months Ending 31st October, 1918

P. H. COURTNEILL, Secretary-Treasurer Town of Redcliff.

Dear Sir:—As required under Section 53 of the Town Act, we have prepared and submit herewith Interim Statement for the Corporation of the Town of Redcliff as at 31st October, 1918.

This Statement has been prepared on the forms submitted for the purpose by the Department of Municipal Affairs. The Report for the year ending December 31st, 1918 will be submitted in much greater detail.

Yours faithfully,
 RITCHIE PATTERSON & CO., Chartered Accountants.

ITEMS OF LOCAL INTEREST

Read Street's latest book, "The Cow Puncher." The book of the year \$1.50 at Blundell's.

We have an excellent line of useful articles which makes lovely gifts. Gibson & Tupper.

W. Welliver and family moved to town this week and will reside here in future.

If you don't know what you want to get your friends for Xmas just come to Gibson & Tupper's and we will help you.

Wm. Rutherford, Jr., of Medicine Hat, spent last week end in town visiting his cousins, Neil and Tom Rutherford.

Do your Xmas shopping early at Blundell's.

Christmas Cards for Overseas.

Mayor Bell left this morning for Minneapolis on business in connection with the town.

The glass blowers in town have formed a club and intend to secure suitable quarters for a club room and reading room.

Florida Orange, Box, 95c. Broadway Department Store.

Always something new at Blundell's the big gift shop.

The pool room and barber shop are now doing business again, as the "ban" has lifted.

The "one table one place" idea at Blundell's makes shopping a pleasure.

HOUSE FOR SALE—A good five-roomed house, 20x28 feet, full built and centrally located on Second st. For terms and particulars apply to Wm. Henderson. 48-3

STRAYED—From my premises, Nov. 16th, large yellow and white collie dog, white neck and nose. Finder returns to Mrs. Moffatt, Redcliff, and receive \$5.00 reward.

GROCERIES

Do not think that just because a store carries groceries that all grocery stores are just the same. They are not. We have the EXCLUSIVE AGENCY for many things in the grocery line that you cannot buy from anyone but us. We want your trade because we deserve it. We sell only SUPERIOR groceries; but we sell so many of them that we can give them to you for the price asked by many for inferior stuff.

FRUIT.

Is Your Boy Over There?

You have a photo of him—just a snapshot—yet it's something to recall his face. But it's so small and you've often wished it was large enough to frame and hang on the wall—to be continually before your eyes. You may have

His Photo Enlarged For 48c

We have arranged with an artistic firm in Calgary, enabling you to have your wish gratified at a cost of 48c upwards.

See Sample In The Window

The firm's representative will be here the early part of next week to take orders. Pass your's in early—we anticipate a big rush.

A Christmas Gift Which Will Be Appreciated
